

PARTICIPATION OF CORPORATE MEMBERS IN THE DISTRIBUTION OF ASSETS OF CRTV

October 14, 2009

Following our application to seek direction from the B.C. Supreme Court, the judge ruled that all 376 corporate members should be included in the distribution of CRTV's assets and should receive the same share as ordinary members, which was \$3,375.

This decision will not affect the interim distribution already made to ordinary members. Sufficient funds were withheld to cover a possible distribution to corporate members in the event that the judge determined that corporate members should also participate in the distribution of CRTV's assets.

The process to issue cheques to corporate members is currently being finalized and we expect them to be mailed by October 23, 2009.
